AGENDA ITEM NO. 9

Subject: Revised Rough cost estimate for Replacement of machinery of Augmentation Water Supply Scheme, Phase-II, Chandigarh (Water Works Kajauli, Pb).

Water supply system in city Chandigarh is based on deep tubewells as well as on canal water. The drinking water supply for city is mainly based on raw water which is drawn from Bhakra Main Canal flowing at a distance of 27.4 kms from Chandigarh. For this purpose, the Augmentation of water supply schemes have been implemented in different phases e.g. Phase-I, II, III & IV. The Augmentation water supply scheme under Ph. III has been completed and implemented by Chandigarh Administration and other Phases i.e. I, II & IV have been completed and commissioned by Punjab Water Supply & Sanitation Deptt. during the year, 1983, 1988 & 2006 respectively at water works Kajauli and within Punjab area i.e. upto UT/Punjab Territory. The Operation and maintenance of pumping machinery & other installations at water works Kajauli and rising mains from Kajauli to UT / Punjab boundary is also being looked after by Punjab Water Supply & Sanitation Deptt. as a deposit work for Municipal Corporation Chandigarh. As detailed above, the pumping machinery installed at water works Kajauli Phase-II is about 22 years old and also pump raw water to Chandigarh instead of clear water. Thus due to passage of time and continuous wear and tear, the pumping machinery at water works Kajauli is required to be replaced. For this purpose an estimate amounting to Rs. 714.65 Lacs was earlier processed by Punjab Water Supply & Sanitation Deptt. but the same was returned to amend the same. Now the amended/revised estimate for the pumping machinery and other installations which are required to be replaced on priority basis has been received from the Chief Engineer, (South) Punjab Water Supply & Sanitation Deptt, Patiala for approval and deposit of funds by Municipal Corporation, Chandigarh. The total amount of estimate works out to Rs. 362.01 Lacs but after considering credit against old material the same works out to **Rs. 333.05 Lacs**. Thus the estimate duly checked for Rs. 333.05 Lacs has been allowed by the competent authority to be placed before the General House of Corporation for consideration and approval.

Accordingly the agenda is hereby placed before the General House of Municipal Corporation. The expenditure will be charged to head: 4215 – Water Supply and Sanitation (Plan) – Replacement of pumping machinery and more funds will be demanded in RBE. However the detail of Budget allocation is as under:

Budget Details:

<i>Major Head/Head of Account</i>	<i>4215 – Water Supply and Sanitation (Plan) – Replacement of pumping machinery.</i>
Total Budget Allocation	Rs. 100.00 Lacs
Amount of Estimates already sanctioned.	Rs. 13.27 Lacs
Estimates under process	Rs. (53.45 + 96.35 = 149.80) Lacs

SUPPLEMENTARY AGENDA ITEM NO. 5

Subject: Estimate for the work of "Supplying, fixing, testing and commissioning of Single Chamber Double orifice Air Valves 200mm (8") dia at various RD's on existing PSC/MS pipe line for Aug. of Water Supply Scheme, Phase-I, II & IV from water works Kajauli to Punjab Boundary (Chandigarh)."

The Augmentation Water Supply Scheme for Chandigarh has been implemented and commissioned in four phases. The Phase-I, II & IV of water supply scheme has been completed and commissioned by Punjab Water Supply and Sanitation Deptt., Punjab during the year 1982-83, 1988-89 and 2006 respectively.

The Kinetic CI Air valves 200mm i/d were installed on 1200mm dia PSC/MS pipe lines to avoid the bursting of pipes / joints. With the passage of time these Air valves have been repaired a number of times & have become unserviceable and beyond economical repair. Moreover the spares of these valves are very costly and not readily available in the market. Accordingly, the Punjab Water and Sanitation Deptt. has prepared and submitted an estimate for replacement of these CI Air Valves with DI Air Valves.

It has been proposed to dismantle the old CI Air Valves and to provide and install 60 Nos. new single chamber Ductile iron Air valves of 200mm dia of better makes/ superior quality from Water works, Kajauli to Punjab Boundary against the Augmentation Water Scheme Phase-I, II & IV. The suitable credit of old CI Air valves proposed to be dismantled has been considered in the estimate.

The estimate amounting to Rs.49.34 Lacs duly allowed by competent authority is therefore placed before the House of Municipal Corporation for consideration and approval. Full funds to the tune of estimated amount shall be deposited by Municipal Corporation Chandigarh with Punjab Water Supply and Sanitation Deptt. for execution as a deposit work.

Accordingly the agenda is placed before the General House of Municipal Corporation. The expenditure will be charged to head: 4215 – Water Supply and Sanitation (Plan) – laying of additional pipe line and more funds will be demanded in RBE. However the detail of Budget allocation is as under:

SUPPLEMENTARY AGENDA ITEM NO. 7

Subject: Inquiry report regarding widening of V-6 Roads, Sector 8-A, B & C, Chandigarh and construction of Hall at Ground Floor, Lobby and Mini Hall in First Floor & renovation of existing Community Centre Building, Sector 8, Chandigarh.

The undersigned (Additional Commissioner-I) was appointed as Inquiry Officer to enquire into the issue as to whether wide publicity was given in the tendering process of the works regarding widening of V-6 Roads, Sector 8-A, B & C, Chandigarh and construction of Hall at Ground Floor, Lobby and Mini Hall in the First Floor & renovation of existing Community Centre Building, Sector-8, Chandigarh.

In this connection, it is submitted that the inquiry file was called from the Joint Commissioner, who had conducted inquiry earlier and the relevant record from the office of XEN R-1. On the basis of the relevant record, it has been observed as under:-

1. Widening of V-6 Roads, Sector 8-A, B & C, Chandigarh

The tender for the said work was published on 18.09.2009 in three newspapers i.e. The Tribune (English); Amar Ujala (Hindi) and the Tribune(Punjabi). The estimated cost of this work was 73.26 lakhs. The tenders were to be received upto 3.00 PM on the day of opening i.e.1.10.2009. A corrigendum was also sent to the APRO by the XEN R-I for publication in the newspapers for extending the date of opening of the tenders for 5.10.2009 vide letter No. 17577, dated 29.9.2009, which was received in the office of APRO on 30.09.2009. A copy of the corrigendum was also sent to the Computer Programmer for publishing the same on the website of MC. However, there is no evidence in the record that the said corrigendum was published in the newspaper. Moreover, no tender was received during the period from 02.10.2009 to 5.10.2009. The tenders called for the said work were to be opened on 05.10.2009. However, due to some administrative reasons, the tenders were opened on 28.10.2009 and the allotment of work was made in favour of M/s A.K.Sood Engineer & Contractor, Panchkula for Rs.61,48,619/- against the estimated cost of Rs.73.26 lakhs. This tender was called as per CPWD manual, as mentioned in the terms and conditions of tender. As per Section 16.5 of CPWD Manual, the time limit for publicity of Tenders is as under:-

- (A) The following time limits between the date of publication of tender on website or Press whichever is earlier and the date of receipt of tenders are desirable:
- (i) 7 days in the case of works with estimated cost put to tender upto Rs.20 Lakhs.
 - (ii) 10 days in the case of works with estimated cost put to tender between 20 lakhs to Rs.2 crores.
 - (iii) 14 days in the case of works with estimated cost put to tender more than Rs.2 crores.

- (B) The above time limits may be varied at the discretion of the NIT approving authority keeping in view the exigencies of work.

Since, the estimated cost of this tender was Rs.73.26 lakhs, as per CPWD manual time limit of 10 days between the date of publication of tender and the date of receipt of tender was required to be given. In the instant case, though there is no evidence that the corrigendum was published in the newspapers, but it is said to be given in the website of MC. However 11 days have already been given against 10 days as per CPWD manual and as such wide publicity has been made in the newspapers.

2. **Construction of Hall at Ground Floor, Lobby and Mini Hall in First Floor and renovation of existing Community Centre Building, Sector 8, Chandigarh**

The tender for the said work was published on 26.02.2009 in three newspapers i.e. The Hindustan Times (English); Dainik Bhaskar (Hindi) and the Desh Sewak (Punjabi). The estimated cost of this work was 53.36 lakhs. The tenders were to be opened at 3.30 PM on the 6.3.2009. The tenders called for the said work were opened on 06.3.2009 and the allotment of this work was made in favour of M/s K.K.Sons, Chandigarh for Rs.52,24,000/- against the estimated cost of Rs.53.36 lakhs. This tender was called as per Punjab PWD manual, as mentioned in the terms and conditions of tender.

As per Punjab Govt. Notification dated 03.07.1996 duly adopted by the Chandigarh Administration vide letter dated 23.3.1999, the following time limit was to be adhered to:-

- a. works costing between Rs.5.00 lacs to 50.00 lacs about 10 days.
- b. Works costing between Rs. 50 lacs to Rs.2.00 crores about 15 days.
- c. Works costing above Rs.2.00 crores about Rs.21 days.

Since, the estimated cost of this tender was Rs.53.36 lakhs, as per Punjab Govt. Notification adopted by the Chandigarh Administration, time limit of about 15 days between the date of publication of tender and the date of receipt of tender was required to be given. But, in the instant case, 9 days have been given. The word used in the Punjab PWD manual is 'about 15 days' and not specifically 'for 15 days'. Though, the publicity has been done in three newspapers, but numbers of days are short by 'about six days' as per Punjab PWD Manual and one day as per CPWD Manual.

The inquiry report is placed before the General House for information please.
